INTERNAL TRAILER WASHOUT PROCEDURE USING RUSHING NSF-USDA COMPLIANT CLEANING PRODUCTS

CLEANING PRODUCT: WORK HORSE (CLEANER/DEGREASOR) USDA-A1 APPROVED

- **WORK HORSE** is a premium concentrated water-based butyl cleaner/degreaser. It is environmentally friendly due to its biodegradable surfactant system. **WORK HORSE** has the ability to penetrate, absorb, emulsify, and lift away most soils found in grocery or food related transportation applications. Because of its low foaming properties **WORK HORSE** can be used in automatic or robotic scrubbing machines.
- **WORK HORSE** is accepted by the USDA for use as a general cleaning agent on all surfaces in all departments under their food safety and inspection programs. Use **WORK HORSE** to remove all food related soils and stains such as grease, oil, gum, wax, carbon, and lipstick. It will also remove stains related to mold and mildew contamination.

BENEFITS: WORK HORSE

- Highly effective and economical premium butyl based cleaner
- Contains no benzenes
- A1-USDA Approved
- Can be used in manual pressure wash systems automated robotic type cleaning systems

SANITIZING PRODUCT: 42 PLUS – NO RINSE QUATERNARY AMMONIUM SANITIZER
